## Village Appoints Village Administrator

The Village of Rockville Centre has appointed Kathleen MacDonald Murray as Village Administrator. Mrs. Murray, no relation to the Mayor, previously served as Deputy Village Administrator for Planning and Strategic Initiatives.

“Kathleen’s vast experience, knowledge of our Village, and ability to work with personnel from all departments to complete projects that have improved the Village for both employees and residents makes her the obvious person for the job,” commented Mayor Francis X. Murray. “I look forward to continuing to work alongside Kathleen to improve upon this great Village.”

In her previous role with the Village, Mrs. Murray worked to improve the efficiency of Village projects, processes, and staff. She provided support to a broad variety of construction projects including the renovation of Maple Avenue. Mrs. Murray also planned and prepared grant proposals and managed projects that are grant-funded.

“I am extremely pleased and humbled to serve the Village that I grew up in and in which I’ve raised my family,” commented Kathleen

MacDonald Murray. “The five years I’ve spent with the Village have allowed me to learn the operations from the ground up and have prepared me for my new role with the Village. I look forward to further developing relationships with my neighbors and co-workers.”

Prior to working for the Village, Mrs. Murray worked writing and managing grants as a private consultant and for Family Service League and South Nassau Communities Hospital’s World Trade Center Family Center. Earlier in her career, Kathleen performed strategic planning consultations and served as Chief Operating Officer for an organizational development consulting firm in New Haven and evaluated business plans for the quasi-public venture capital firm Connecticut Innovations, Inc. Mrs. Murray holds an undergraduate degree in management from Boston College and a Masters in Business Administration from Yale University.

Mayor Francis X. Murray stepped in as the interim Village Administrator at no cost to the Village while the Board of Trustees conducted a comprehensive search to fill the position. The vacancy was created in October 2015 after Keith

Spadaro vacated the position to go into the private sector. In her new role, Mrs. Murray will supervise nearly 20 departments and be responsible for the day-to-day operations of the Village.

Mrs. Murray has spent countless hours volunteering for the RVC Conservancy, the Wilson School PTA, and the Rockville Centre Council of PTAs. A long time resident of Rockville Centre, Mrs. Murray grew up in Rockville Centre and returned 15 years ago with her husband Bill to raise their three children.

## Once Again Village Stays Under State Tax Cap Allows Eligible Residents to Receive Refund Check From State

For the fourth consecutive year the Rockville Centre Board of Trustees passed a budget that stays within the tax cap while maintaining Village services at present levels. The budget of \$43,569,634 includes a real estate tax rate increase of 2.35% equaling the smallest increase in 30 years. The low tax rate increase should result in thousands of eligible Village homeowners receiving New York State refund checks next winter.

Like every municipality, increasing costs including those mandated by other levels of government have challenged the Village of Rockville Centre. However, the Village of Rockville Centre has risen to the challenge and refuses to pass all the increased costs along to homeowners through higher real estate taxes. Instead the Village has been creative in the way they operate and has implemented prudent fiscal policies. These

policies have been recognized by Standard & Poor’s Rating of AAA, the highest possible rating, and Moody’s affirmed the Village’s rating of AA2, one of its highest ratings.

“I believe the 2017 budget balances the need to hold down taxes and maintain the services that residents have come to expect and enjoy while staying under the tax cap for the fourth year in a row,” commented Mayor Francis X. Murray. “By staying under the tax cap once again, eligible residents will receive an average refund check for their Village taxes of approximately \$200.”

“The fiscal 2017 budget should preserve the impressive financial strength of this Village,” stated Village Comptroller Michael Schussheim.

Over the last few years under the Mayor’s leadership, over \$10 million dollars in federal, state, local grants, and gifts has been secured to make improvements within

the Village. Much of the money has been used to improve our roadways, parks and services for seniors. In addition, grants have been obtained to help our Police and Fire Departments utilize state-of-the-art equipment to keep residents safe.

“The spending plan we are putting forth is the product of a great deal of work by the Village, our Comptroller, and our department heads to hold down costs wherever possible,” continued Mayor Murray. “We will continue to look for ways to reduce costs and bring in additional revenue to the Village including being aggressive in pursuing grant money, private/public partnerships, and gifts to make improvements with little expense to our residents.”

Residents can view the spending plan on the Villages web site, [www.rvcny.us](http://www.rvcny.us).

## RVC Paints the Village Green for 20th Anniversary

With over 15,000 onlookers, the Parade That Cares and Shares took to the streets with pride. On March 19th, the 20th annual St. Patrick’s Parade brought more than 140 groups and 2,500 marching, the most in the parade’s history. Organizations and groups from across Nassau County and New York City marched on behalf of three worthy charities including the Tommy Brull Foundation, the Children’s Tumor Foundation and the Ballinasloe Eagles Special Olympics Club. In its first 19 years, the event donated \$932,000 to 58 different charities. Grand Marshal Michael O’Reilly, a longtime member of the Parade Committee, led the parade this year.

## Village Honors Employee of the Month

Mayor Francis X. Murray and the Board of Trustees honored Karen Polito, the April 2016 Employee of the Month for her work with the nursery program at the John A. Anderson Recreation Center. Karen was honored at the April Board of Trustees meeting.

Karen has been a full-time staff member of the Recreation Center for the past two years. Prior to her new role, she worked as a part-time employee for 15 years as a Tennis Instructor and Supervisor of the Hewitt Summer Playground Program. When nursery school teacher Joan Schapiro became ill in September 2013, Karen stepped in as a

substitute, since she is a licensed teacher. Sadly, Mrs. Schapiro was unable to return, but fortunately Karen was able to stay and assume all the duties of coordinating the nursery school program.

"Due to her enthusiasm and dedication, Karen has guided the group of teachers and assistants into a cohesive group of professionals that has earned high praise from residents," commented Trustee Michael Sepe. "They work together in an unprecedented manner, sharing creative ideas and modalities in order to ensure that their preschoolers will be most ready for kindergarten. Our program's reputation for

excellence is demonstrated by the fact that all classes for the fall of 2016 have been filled to capacity at the earliest date in the history of the program. In addition, with her guidance and direction, the Recreation Department was happy to open a nursery program for two-year-olds this past September."

The Village would like to thank Karen Polito for her dedication and enthusiasm and would like to congratulate her on being the Village's Employee of the Month for April 2016. A special thanks to Front Street Pizzeria for donating a gift certificate to Karen and her family to enjoy as Employee of the Month.

## Future RVC Coast Guard Honored

South Side High School senior Joseph Busching was honored at the April Board of Trustees meeting. Joseph was accepted to the Coast Guard Academy in Connecticut.

Son of former Rockville Centre Fire Chief John Busching and Christine, a physician's assistant at Mercy Medical Center, Joseph was in the first class of Junior Firefighters in 2011 where

he was elected as second lieutenant in 2012, first lieutenant in 2013, and captain in 2014. Joseph is also a lifeguard at Hewlett Point Park in East Rockaway. He will serve the Coast Guard for five years after he graduates from the Academy. "I've watching him grow and thrive and become a fantastic young man," commented Mayor Francis X. Murray.

## RVC Celebrates Earth Day

Earth Day gave some enthusiastic volunteers a chance to spruce up our community. On Saturday, April 23, volunteers from the Mayor's Youth Task Force joined with the RVC Conservancy to cleanup the shorelines of Mill River.

"Earth Day affords an opportunity to reflect on what each and every one of us can do to make a positive change on the world around us," commented Mayor Francis X. Murray. "These volunteers have made a positive change and are making a difference to help make Rockville Centre a better and cleaner place to live, work, and play."

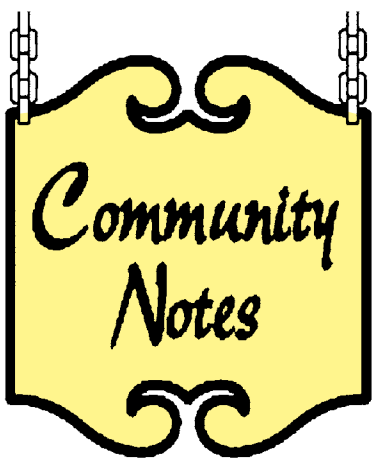

The Mayor's Youth Task is made up of over 100 residents in sixth grade through college who volunteer their time to help their fellow neighbors.

Volunteers have been completing a variety of tasks around the Village including cleaning up in the downtown business district and on the playing fields weekend mornings, planting and weeding designated areas in the village, coordinating food and clothing drives, and pitching in at the Sandel Senior Center.

The RVC Conservancy group is made up of Rockville Centre Residents, volunteering their time to make a difference in the RVC community. Their mission is to identify local public spaces which need attention, gather volunteer support and private funding, and work with our village government to restore and enhance its trees, parks and public spaces.

## Lister Park Completes Upgrades

A series of upgrades has been completed at Lister Park. The pathway, on the west side of the park, extends from Park Avenue to the Department of Public Works building's parking lot, on Sunrise Highway has been replaced with permeable pavement, which will eliminate rainwater runoff and reduce erosion. The pathway was widened as well to allow visitors to pass with ease. Multiple trees, 40 bushes, and flowers have been planted to enhance the aesthetics of the park. One of the most notable changes is the entrance to the park. In addition, lighting and benches were replaced, as well as garbage cans and bike racks were added. A large portion of this project has been funded by grants from Nassau County and the New York State Office of Parks, Recreation and Historic Preservation.

### Lawn Sprinkling Hours

The Rockville Centre Board of Trustees has adopted a stringent water conservation plan, as mandated by the New York State Department of Environmental Conservation (NYSDEC). This plan includes universal water metering as well as mandatory fines for watering between the hours of 10 a.m. and 4 p.m. Watering of lawns must coincide with the house address for odd and even days.

### Farmers' Market Reopens

## Village Hall Comments by Mayor Francis X. Murray

### RVC Water Exceeds Testing Standards

The health and safety of our residents is the highest priority for the Village of Rockville Centre administration. We are committed to total transparency and recognize the importance of keeping residents informed on all issues. To that end, in light of the recent stories regarding Flint, Michigan and its water, the Village of Rockville Centre, in conjunction with our Water Department, would like to assure residents that our water has not only met, but exceeded testing standards.

The Rockville Centre Water Department provides water from 10 wells located throughout the Village. The water is stored in four elevated tanks with a combined capacity of 4 million gallons and is distributed through more than 70 miles of water main.

The Rockville Centre Water Department tests wells regularly to ensure residents are drinking and using water that is clean, safe, and meets all standards and health

advisory levels set forth by Nassau County Department of Health. Independent, state-certified laboratories are also used to test and ensure the quality of our drinking water.

Though we are proud of the work we have done, we continue to be vigilant to ensure that we build upon our progress for future generations. In coordination with the Village's Road Improvement Program, the Village is replacing approximately three miles of water mains each year to keep up with aging infrastructure. In 2015, the rehabilitation and painting of Tank 1, the water tower behind the high school, was completed. A project such as this is very labor intensive and takes a great deal of time to complete. The new coating that was put on the tank should last for many years to come.

The iron removal plant is constantly running to remove the naturally occurring iron from our water. Periodically this plant needs necessary maintenance. In 2015, the

Village replaced the media that filters the water. A second iron removal plant will soon be built on Maple Avenue. This construction is slated to commence in the fall of 2016. The new iron filtration plant will add another layer of filtration to our water system to help remove any residual iron that some residents experience in their water. Finally, security upgrades are being made at all of our facilities, including new well enclosures.

These projects are essential to provide an infrastructure capable of meeting the needs of today as well as the future needs of the Village. Due to these upgrades water rates will be raised for the first time in seven years. We held a hearing on the rate increase at the May 9th Board of Trustees meeting.

The Village of Rockville Centre will continue its extensive monitoring to ensure the quality of our water. If you have any questions, please call the Water Department at (516) 678-9301.

## RVC Officer Honored for Outstanding Service

A Rockville Centre Police Officer was the recent recipient of two awards for his outstanding service. Police Officer Peter Rogan was presented with the Distinguished Service Award at a Nassau County Municipal Police Chief's Association reception and selected as the Rockville Centre Police Department 2016 "Cop of the Year" by a committee of his peers.

"Officer Rogan has distinguished himself as a valuable asset to the Rockville Centre Police Department," commented Rockville Centre Police Commissioner Charles Gennario. "His commitment and dedication to the Department, fellow officers, and members of the community made him an obvious choice to receive these honors."

Officer Rogan joined the New York City Police Department Academy in 1998. Upon completion of the academy he was assigned to the 104 Precinct where he remained until 2003 when he was promoted to Sergeant and was transferred to the 90 Precinct. He joined the Rockville Centre Police Department in 2006 and has been an outstanding contributor since.

"Police Officers in our Village make significant sacrifices every day to ensure our safety and maintain our peaceful neighborhoods," commented Mayor Francis X. Murray. "Police Officer Rogan represents the commitment and dedication our officers make each and every day. Congratulations to Officer Rogan on these exceptional honors."

Pictured left to right are commented Rockville Centre Police Commissioner Charles Gennario, Police Officer Peter Rogan, and Lieutenant Jim Vafeades.

NYCOM recognized the Sandel Senior Center at an awards dinner during its 107th Annual Meeting

in Saratoga Springs. Mayor Francis X. Murray, Chris O'Leary, Director, RVC Senior Services, and Nancy Codispori, Program Coordinator, accepted the award. I would like to congratulate Mayor Francis X. Murray on a job well done."
